Re: Grant #:2008-()225

Dear Mr, Kurlaneheek: s

I have received your e-mail request, dated 11/19/09, for an extension to complete your Knight Arts Challenge grant # 2008-0225: to create two new plazas designed by artist Jose Bedia on the southern part of Key Biscayne that will highlight South Florida's environment. Knight Foundation understands the need to undergo a competitive bid process for the installation of the two Jose Bedia Plazas given that the initial estimate received was significantly higher than the available funds. Knight Foundation grants the Village of Key Biscayne a six (6) month extension to complete this project. Your final report will now be due June 1, 2010.

Sincerely,
Dennis Schdl
Program Director, Miami
