RE: Noise Ordinance

JR Menendez

RECOMMENDATION

It is recommended that consideration of the proposed Noise Ordinance be continued to the August 30, 2005 Council meeting.

EXPLANATION

At the June 14, 2005 Council meeting, representatives of The Ritz-Carlton Hotel requested that the Noise Ordinance be continued due to concerns that the day to day operation of the hotel would be negatively affected through compliance with the proposed regulations.

On June 24, 2005, staff met with the hotel's attorneys who outlined their concerns. Staff requested that they forward a list of policy issues and proposed changes to the ordinance. Further, staff requested that the hotel's noise consultant submit a log of decibel readings recorded at various times of the day and evening and during events that are normally held at several locations on the property.

On August 23, 2005, Staff and the Village Attorney met with representatives of The Ritz Hotel to review the requested information. Staff is recommending that consideration of the Noise Ordinance be continued to September 6, 2005 to provide an opportunity to incorporate the changes into the proposed ordinance.
