RE: Landscape Project

RECOMMENDATION

It is recommended that Village Council authorize the Village Manager to expend funds for a landscape project for Ridgewood Road and West Wood Drive.

BACKGROUND

The following landscape project has been reviewed and approved by the Landscape committee.

Ridgewood Road & West Wood Drive:

In December of 2010, the Village installed traffic calming devices on West Wood Drive. The landscape project will complete the improvements to this street. As per the attached landscape plan on Ridgewood Road and West Wood Drive, the project consists of landscaping the traffic circles and four (4) intersections

The adopted budget in the Capital Improvement Plan for the traffic calming improvement project was \$222,543. This project came in under budget. Funding for the landscape project will come from the surplus money that was originally budgeted for West Wood traffic calming. Total project cost is \$19,868.50 (see attached quotes).
