RE: **VILLAGE OF KEY BISCAIYNE BEACH CLEANING, MAINTENANCE AND
BEAUTIFICATION SERVICES**

BACKGROUND

The Village has maintained an annual contract for beach cleaning and maintenance with Universal Beach Service Corporation since October, 2003 (Resolution 2003-34). The contractor has provided beach cleaning services to the Village since 1993. The current contract includes annual maintenance services for debris/litter collection, removal, seaweed raking, erosion control, and beach repair. This contract was for \$107,110 per year for five (5) days per week. The contract included clauses for additional services associated with hurricanes, tropical storms, etc.

Operating heavy equipment for beach raking for this beach maintenance contract requires environmental permits from the Florida Department of Environmental Protection (FDEP), and the operations must comply with strict guidelines established by the Florida Fish and Wildlife Conservation Commission (FWC). The beach maintenance operations are conducted in the sensitive beach/dune environment throughout the year. Equipment operators must account for 1)dynamic coastal/littoral processes (i.e. tides, waves, etc.); 2)marine turtle nesting season; and 3)recreational beach users.

Occasionally coastal processes and storm events deposit heavy volumes of seaweed, and additional equipment and resources are required to handle this accumulated debris. The most recent event occurred prior to the 2012 beach nourishment project, and excess seaweed was hauled with heavy equipment to a handling area in Crandon Park.

Public Works staff reviewed the current contract and compiled a Request for Proposals (RFP) suitable for public advertisement. The RFP included line items (total 3 items) for annual operations and another 7 line items for additional work tasks that may or may not be required depending on coastal processes and tropical weather events. These line items would facilitate negotiation and authorization with the selected contractor after award of the contract. The contract term would be for three (3) years with three (3) additional one (1) year terms.

PROCUREMENT PROCESS

The Request for Proposals (RFP) was issued on June 20, 2013. Four (4) companies attended the mandatory pre-bid meeting and site visit on July 11, 2014. One (1) addendum was issued July 11, 2013 addressing bidder questions. Three (3) companies submitted proposals. The proposals were opened on August 7, 2013 and reviewed by the Beach Cleaning Evaluation Committee (BCEC). The BCEC was comprised of the following individuals:

- Tony Brown, Public Works, Village of Key Biscayne
- William Fehr, Building/Zoning/Planning Department, Key Biscayne
- Tim Blankenship, Coastal Systems International (Village beach consultant)

BCEC EVALUATION SUMMARY

The BCEC reviewed the submissions in accordance with section 1.9 “Evaluation Process” of the RFP and conducted a comprehensive assessment. The assessment was conducted independently, and each of the proposals was ranked by the Committee based upon the attached evaluation criteria (Exhibit “B”). The scores were presented by each BCEC member at the BCEC meeting on August 20, 2013.

The criteria established the evaluation based on experience, qualifications and approach to the project at 60% of the scoring with the contractor’s annual cost (items 1-3) as 40% of the scoring. The following is a summary of the scores and bids, along with totals of additional line item bids:

Bidder	Total Score	Annual Bid¹	Additional Items²
Beach Raker	94.7	\$135,387 ⁵	\$30,697
The Sand Raker	72.9	\$127,610 ⁶	\$43,950
Universal Beach Services	89.5	\$119,500 ³	\$5,000 ⁴

Notes:

1. Line items 1-3
2. Line items 4-10
3. Includes line items 7-10 in annual cost
4. Monthly estimate, for line items 4, 5 and 6. Not fully quantified in the opinion of the BCEC.
5. Includes line items 5 & 10
6. Options A and B presented in the summary did not match the line item costs 1-3.

Beach Raker’s RFP package presented a comprehensive approach to the requested services. Beach Raker has multiple pieces of equipment including seaweed or Barber Surf rakes, and a detailed approach was provided relative to the seaweed management that requires raking and burying seaweed below the Mean High Water (MHW) line in accordance with FWC guidelines. In addition, Beach Raker provided detailed information for the separation and handling of solid waste and recyclables collected through the seaweed management operations and from the beach area in general. They also provided an approach to the erosion control and beach repair that

included various types of equipment utilized and the stabilization of stairs, washouts, and entrance ways.

RECOMMENDATIONS

Beach Raker received the highest total points, and the BCEC recommends Beach Raker as the most responsible bidder deemed most advantageous to the Village. If the Village is unable to enter into a contract with Beach Raker, the BCEC recommends the Village award the contract to the second ranked firm, Universal Beach Services.

18.1 If either the VILLAGE or CONTRACTOR is required to enforce the terms of this Agreement by court proceedings or otherwise, whether or not formal legal action is required, the prevailing party shall be entitled to recover from the other party all costs, expenses, and reasonable attorney's fees in any state or federal administrative, circuit court and appellate court proceedings.

18.2 In the event of any litigation arising out of this Agreement, each party hereby knowingly, irrevocably, voluntarily and intentionally waives its right to trial by jury.

SECTION 19. ALL PRIOR AGREEMENTS SUPERSEDED

This document incorporates and includes all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained in this Agreement and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly it is agreed that no deviation from the terms of the Agreement shall be predicated upon any prior representations or agreements whether oral or written.

SECTION 20. CONTRACTOR'S RESPONSIBILITIES

20.1 CONTRACTOR warrants that the Services to be performed hereunder shall be performed by the CONTRACTOR'S own staff or employees, unless otherwise approved in writing by the VILLAGE. The VILLAGE shall approve any and all subcontractors providing Services to the VILLAGE pursuant to this Agreement. Said approval shall not be construed as constituting an agreement between the VILLAGE and said other person or firm. The CONTRACTOR'S services shall be performed in a manner consistent with that degree of skill and care ordinarily exercised by practicing professionals performing similar services in the same locality and under the same or similar circumstances and conditions.

20.2 CONTRACTOR represents that it possesses the requisite skills and shall follow the professional standards and the standard of conduct for CONTRACTORS or vendors in performing all Services under this Agreement. The CONTRACTOR agrees to use its skill and judgment in furthering the VILLAGE'S interests hereunder and CONTRACTOR shall perform the Services in accordance with the practice of the pertinent industry and as expeditiously as is consistent with reasonable skill and care. The VILLAGE shall have the right to reject or disapprove Services which the Village finds to be defective or non-conforming. If at any time during the term of this Agreement or the Project for which the CONTRACTOR has provided Services under this Agreement, it is determined that the CONTRACTOR'S Services or work are incorrect, defective, non-conforming or fail to conform to the terms of this Agreement, upon written notification from the VILLAGE, the CONTRACTOR shall immediately proceed to correct the work, re-perform Services which failed to satisfy the foregoing standard of care and shall pay all costs and expenses associated with correcting said incorrect or defective work, including any additional inspections, and installation and reimbursements to the VILLAGE for any other services and expenses made necessary thereby, save and except any costs which the VILLAGE would have otherwise paid absent the CONTRACTOR'S error or omission. The VILLAGE'S approval, acceptance, use of or payment for all or any part of the CONTRACTOR'S services shall in no way alter the CONTRACTOR'S obligations or VILLAGE'S rights hereunder.

20.3 CONTRACTOR agrees, within fourteen (14) calendar days of receipt of a written request from the VILLAGE, to promptly remove and replace any personnel employed or retained by the CONTRACTOR, any subcontractor or other persons employed or utilized by the CONTRACTOR in the performance of this Agreement or any personnel of any such subcontractor or other persons employed or utilized by the CONTRACTOR to provide and perform the Services or work pursuant to the requirements of this Agreement, whom the VILLAGE shall request in writing to be removed, which request may be made by the VILLAGE.

20.4 If CONTRACTOR allows any work to be performed knowing, or when with the exercise of due care the CONTRACTOR should have known, it to be contrary to any such applicable laws, ordinances, rules, regulations or restrictions and fails to give VILLAGE written notice thereof prior to performance thereof, CONTRACTOR shall bear all costs, liabilities, and expenses arising therefrom, which costs, liabilities and expenses shall not be considered a part of CONTRACTOR'S fees or any other amounts due hereunder.

20.5 CONTRACTOR hereby represents and warrants that it has reviewed all necessary Project documents, Specifications, and that this Agreement and the RFP, when

taken together, fully and accurately describe the Services needed to complete the Project in accordance with the requisite standard of care, and that CONTRACTOR is not aware of any additional work, labor or services that will be required to complete the Project. CONTRACTOR warrants and represents that it has visited and inspected the Service Areas and become familiar with and is satisfied as to the general and local conditions and site conditions that may affect performance or progress of the Services, and the cost of the Services.

20.6 CONTRACTOR hereby represents and warrants that all Services shall comply with all applicable federal, state and local laws, ordinances and building codes.

20.7 CONTRACTOR shall be responsible for promptly notifying the VILLAGE of any damage to buildings or other structures, vehicles, or property or possessions, which occur as a result of the Services and work performed by CONTRACTOR pursuant to this Agreement, or the improper or negligent activities of the CONTRACTOR.

20.8 CONTRACTOR'S obligations under this Section 20 shall survive termination of this Agreement.

SECTION 21. TAXES.

CONTRACTOR shall pay all taxes, levies, duties and assessments of every nature which may be applicable to the Services under this Agreement. The pricing and any agreed variations thereof shall include all taxes imposed by law at the time of this Agreement. CONTRACTOR shall make any and all payroll deductions required by law. CONTRACTOR herein indemnifies and holds the VILLAGE harmless from any liability on account of any and all such taxes, levies, duties and assessments.

SECTION 22. SAFETY.

CONTRACTOR shall be fully and solely responsible for safety and conducting all operations under this Agreement at all times in such a manner as to avoid the risk of bodily harm to persons and damage to property. CONTRACTOR shall continually and diligently inspect all Services, materials and equipment to discover any conditions which might involve such risks and shall be solely responsible for discovery and correction of any such conditions. CONTRACTOR shall have sole responsibility for implementing its safety program. VILLAGE shall not be responsible for supervising the implementation of CONTRACTOR'S safety program, and shall not have responsibility for the safety of CONTRACTOR'S or its subcontractor's employees. CONTRACTOR shall maintain all portions of the Project site and Services in a neat, clean and sanitary condition at all times. CONTRACTOR shall assure that subcontractors performing Services comply with the foregoing safety requirements.

SECTION 23. CLEANING UP.

CONTRACTOR shall, at all times, at its expense, keep the Service Areas in a neat, clean and safe condition. Upon completion of any portion of the Services, CONTRACTOR shall promptly remove all of its equipment, construction materials, temporary structures and

surplus materials not to be used at or near the same location during later stages of the Services. Upon completion of the Services, CONTRACTOR shall, at its expense, satisfactorily dispose of all rubbish, unused materials and other equipment and materials belonging to it or used in the performance of the Services and CONTRACTOR shall leave the Project site in a neat, clean and safe condition. In the event of CONTRACTOR'S failure to comply with the foregoing, the same may be accomplished by the VILLAGE at CONTRACTOR'S expense

(Evaluation Criteria)

1.9 EVALUATION PROCESS.

1.9.1 Evaluation Committee. The Village shall be sole judge of its best interests in evaluating proposals deemed most advantageous to the Village, and the resulting Agreement to be entered into between the Village and the Contractor. The Village Manager shall select and appoint an Evaluation Committee to evaluate proposals.

1.9.2 Initial Screening (Step 1). The Evaluation Committee will review proposals for an initial determination on minimum qualifications, responsiveness and responsibility. The proposals initially determined to be responsive and submitted by responsible proposers will proceed to Step 2.

1.9.3 Evaluation of Proposals (Step 2). The Evaluation Committee may interview proposers, request additional information or clarification of proposals and information submitted, and will evaluate proposals using the criteria herein. Due to the multi-task nature of the Comprehensive Landscape Maintenance including Public Works Services and Miscellaneous Functions, the evaluation of all proposals will not be based solely on quantity and price. All of the factors contained herein and demonstrated in each proposal will be taken into consideration and evaluated. Proposals will be scored and ranked in accordance with the following criteria:

<u>CRITERIA</u>	<u>MAXIMUM POINTS</u>
Qualification and experience of personnel who will be directly involved in all elements of the Services.	10
Firm size, age, and organizational structure.	10
Firm's experience with projects that are similar to the services requested in this RFP.	20
Safety record.	10
Proposal Price or fees for services.	35
The Proposer's ability to provide a reputable experienced and dependable pest control operator.	15
Total	100

The three highest ranked proposals will be identified and those firms may be requested to make a formal presentation before the Evaluation Committee and/or the Village Council. The Evaluation Committee will score and rank the proposers and provide same to the Village Manager. The Village Manager will then make a recommendation to the Village Council and reserves the right to reject any or all proposals, to waive any informality, irregularity or technicality in any proposal, to re-advertise for proposals, or take any other such actions that may be deemed to be in the best interests of the Village. The Village Council shall have the final selection and approval of the proposal and shall authorize the award of the Agreement to the Successful Proposer.
