### Summary of the Ordinance

The major components of the Ordinance are as follows:

1. The maximum size of a boat shall not exceed 32 ft.;
2. There is no limit on the amount of time a trailer can be on the property without a boat; and,
3. The boat must be registered to any occupant of the property.

**Amendment to the Zoning and Land Development Review Criteria:** In order to consider an ordinance which amends the Village's Zoning and Land Development Regulations, the Village Council must find that said ordinance is consistent with the review criteria. Below is our analysis of the ordinance with the review criteria that are set forth in Section 30-71 of the Zoning and Land Development Regulations:

**Criteria 1**                      The Proposed amendment is consistent with the Comprehensive Plan.

**Analysis:**                      The Comprehensive Plan was adopted in 1994 and provides goals and objectives that are very broad. It does not address specific regulations that are included in the proposed ordinance. The Comprehensive Plan recognizes that the Village is an island community and boating activities are encouraged.

**Finding:**                        Consistent

**Criteria 2**                      The proposed change will result in buildings that are consistent in scale and otherwise be compatible with those within 300 ft. of the site.

**Analysis:**                      The proposed Ordinance does not involve buildings.

MISSION STATEMENT: "TO PROVIDE A SAFE, QUALITY COMMUNITY ENVIRONMENT FOR ALL ISLANDERS THROUGH RESPONSIBLE GOVERNMENT."

Finding: Consistent

**Criteria 3** The resulting boundaries of a zoning district are logically drawn.

Analysis: The proposed Ordinance does not impact the boundary lines of zoning districts.

Finding: Consistent

**Criteria 4** The proposed change will enhance property values in the Village.

Analysis: The proposed Ordinance will encourage property owners to own boats as trailers would not have to be removed from the lot when a boat is not placed on them. The use of the property will be broadened which will have a positive impact on property values.

Finding: Consistent

**Criteria 5** The proposed change will enhance the quality of life in the Village.

Analysis: The proposed Ordinance will encourage property owners to own boats as trailers would not have to be removed from the lot when a boat is not placed on them. This will enhance the quality of life for residents of the property.

Finding: Consistent

**Criteria 6** There are substantial and compelling reasons why the proposed change is in the best interest of the Village.

Analysis: Key Biscayne is an island community; however, there are no public boat launches in the Village. The nearest boat launch is in the County marina which is often at capacity on the weekends. As such, requiring the boats be placed on trailers is a hardship; particularly on weekend.

Finding: Consistent

## **RECOMMENDATION**

As Staff has found the proposed Ordinance is consistent with the review criteria, it is recommended that it be approved.
