RE: **Police Department – Acquisition of Head and Body Armor**

### **Recommendation:**

It is recommended that the Village support this resolution that will allow the police department to utilize State Law Enforcement Trust Funds. This expenditure of an aggregate amount will not exceed \$18,308.16 for the acquisition of head and body armor, used to protect against subjects armed with semi-automatic assault weapons. With an increasing proliferation of these types of weapons it is in the best interest of the police department to have the means necessary to protect themselves.

### **Background:**

Recent violent confrontations between law enforcement officers and criminals heavily armed with semi-automatic assault weapons have created the need for police officers to be better protected in order to meet the increased violence. In addition, several high profile active shooter situations necessitates police organizations to be equipped to respond immediately in order to neutralize the perpetrator without waiting for specially equipped units such as SWAT to mobilize and arrive at the scene. The purchase of this equipment will allow officers trained in rapid deployment to maintain the edge against those heavily armed subjects looking to cause mass casualties.

The purchase of this equipment is not currently a part of the departments' operational budget and is an authorized expenditure of the Florida Contraband Forfeiture Act, at no cost to our residents.
