Village Manager
John C. Gilbert

MEMORANDUM

DATE: October 23, 2012

TO: Honorable Mayor and Members of the Village Council

FROM: John C. Gilbert, Village Manager

RE: Street Name Signs

BACKGROUND

The Village of Key Biscayne currently has an inventory of 484 Street signs (121 intersections) throughout the island. The count consists of 4 aluminum sheets per intersection. Each intersection consists of a pole with street names and a stop sign on the same pole.

At the January 24th Council Meeting, the Village Council asked staff to bring back designs for street signs. The Village Manager met with the Key Biscayne Community Foundation regarding preliminary designs that were created for the 20th Anniversary celebration. Village staff began working with Mr. Tom Weber of The Weber Studio who designed the signs for the Foundation. Mr. Weber was asked to prepare street sign designs as well as pole designs. The Weber Studio has prepared the designs pro bono for the Village. At the May 22nd Council Meeting the Village Council asked Mr. Weber to modify the designs. Mr. Weber and staff meet with street sign fabricator Graphplex Signs regarding the street signs. Graphplex Signs has prepared specifications for the two sign designs (See attached).

The Street Sign project is a Capital Improvement Project. Funding for this project will come from the Capital Improvement Fund Roadway Improvements.
