ABOUT THE ORCHESTRA

The **Alhambra Orchestra** is a community orchestra of approximately 60 members dedicated to a rewarding musical experience for amateur and professional players of orchestral instruments. The Orchestra's mission is to present live classical music in Miami-Dade County at little or no cost to our patrons, to promote music education, and to provide the opportunity for amateur and professional musicians to continue a lifelong study and performance of classical music. Leo Walz, DMA, founded the Orchestra in 1990 and led the program for 10 years. The orchestra is partially funded by small grants from government agencies, though the great majority of funding comes from patron donations and business sponsorships. To learn more, please visit www.AlhambraMusic.org or call 305-668-9260.

Today's performers:
