

GUIDELINES

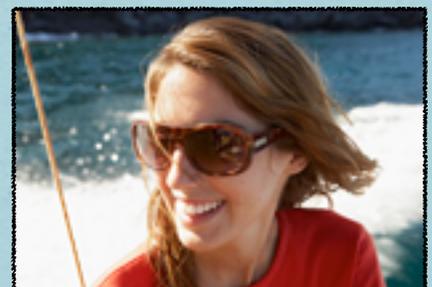

HOST / SPONSOR / DONATE

Help end the fight against human trafficking, or modern-day slavery

You can help contribute to the fight to end slavery in a couple of different ways. You can host your own booth. Your job is to represent your country of choice. Each booth must display traditional trinkets and attire, sell traditional dishes, and inform people about your country's significance either through brochures, posters boards or by any other means of teaching. You can also, sponsor your own booth. If you lack time to host a booth, you may provide the financial means to rent it out, allowing volunteers to host the booth for you. The last way you can help is through donating. Donate you time, money, products, etcetera in order to help us to meet our financial goals and contribute to the fight to eradicate human trafficking.

Help our Village, Free a Village

HOSTING A BOOTH

THE BASICS

We provide you with a tent, a table, and two chairs.

THE REQUIREMENTS

Choose a culture you best represent! If you want to host a booth with another family of the same, or different culture, you are more than welcome to do so!

You have the liberty to do with you booth what you please, get creative! Do whatever you feel can best represent the uniqueness and greatness of your country. You can cook foods that represent that culture and try and sell them for a profit! You could have someone cater your booth with foods that represent you culture. You could sell mixed CD's of music, bracelets, trinkets, or whatever you like, just as long as it represents your culture.

Above all we want you and your family to have fun!

Help contribute to the fight for freedom in many ways!

SPONSORING A BOOTH

THE BASICS

Want to help but got not time? No problem! By sponsoring booth you can still contribute without having to invest the time that you really don't have. The booth's country is completely up to you; you have the choice to sponsor a booth with a specific nationality or leave it completely up to the people in charge. Sponsoring a booth is a great way to contribute to this fight against slavery.

EXAMPLE: THE KHOURI FAMILY

As a Lebanese American, I jumped at the opportunity to share with the community my Lebanese culture; something most people never get the chance to learn about. My family and I are dressing up in Lebanon's festive attire, provide: falafel, tabouleh, hummus, Baklava, and other treats for everyone to try. We are displaying the Lebanese flag, and maybe even host our own karaoke contest!
