

KEY BISCAYNE COMMUNITY CENTER  
NEW WORKSHOP!

# PHOTOGRAPHY & VIDEOGRAPHY WORKSHOP

For those already familiar with basic camera operation, this workshop concentrates on understanding and applying the fundamentals of any fine photograph: great light, proper and appropriate exposure, and filling the frame in a compelling manner. The hands-on videography component introduces students to the practical operation and creative possibilities of shooting video. Workshop will be tailored to students' interest and experience level.

*Course is taught by Marisela La Grave, a professional media artist with an extensive background that spans the globe. More information available at [www.MagneticLaboratorium.com](http://www.MagneticLaboratorium.com)*
