4. The Board discussed the following: The Board approved the proposed budget for FY08 with changes. The Board discussed the cost of the Bedia project. The Village Manager said she would try to find the funds; however, the Village Council must approve additional funding. She said funds from the Crandon Boulevard Project can not be used until that project is completed and closed out. There was discussion regarding who would construct the project. It was initially believed Vila and Sons, the Crandon Boulevard contractor, would agree to have Artistic Surfaces as a subcontractor to perform this work. Vila and Sons will not permit this. There was discussion on how to proceed. This issue was not resolved.
