RE: Permit Fee Schedule – repeal and replace with updated fee schedule

Village Manager
John C. Gilbert

RECOMMENDATION

It is recommended that the Village Council approve the attached resolution for the updated fee schedule incorporating recommended permit fees to become effective April 23, 2018.

BACKGROUND

The attached fee schedule contains permit fee recommendations based in part on the results of the permit fee analysis conducted by the Village hired consultants. While the primary focus of deliberations were the main base permit fees, the updated fee schedule contains the full list of all fees assessed by the various processes performed by those departments and divisions involved in the permitting process.

The fee schedule document has been significantly enhanced and reduced in size due to the new more efficient way of assessing fees. Some permit fees have now been configured to be all-inclusive, which have become more efficient to apply and easier to understand.

In addition, the fee schedule has been re-organized to be a more cohesive and logically laid out. The new layout flows parallel with the sequence of the permit process so that related fees can be easily found.

The fee schedule includes fees for the Building, Planning & Zoning and Public Works Divisions, and the Fire Department.
