At this time the Manager's Report was heard.

Village Manager. The Manager addressed the Council recommending that the bids for the Comprehensive Landscape Maintenance Services be rejected. The Manager explained that from April 18 to June 21, 2013, Village staff researched for a new location which would be able to accommodate the Public Works Division current needs, inclusive of a storage facility for debris. A Public Works area large enough to accommodate a roll-off container was not able to be secured. Therefore, the Village would need to hire a contractor to haul the landscaping debris off island once it is cut, instead of storing the debris and periodically hauling it away from the Public Works Yard.

As a result of the termination of the Public Works Yard lease at 24 Crandon Boulevard and the fact that we were unable to secure a temporary storage area for debris, I am recommending that the Village reject all bids and re-issue the RFP with an amended scope of services that would exclude the hauling of debris as requirement.

Vice Mayor Davey made a motion to reject all bids for the Comprehensive Landscape Maintenance Services. The motion was seconded by Councilmember Kelly.

The trimming of palms (Coconut and Alexander palms) located in parks and right-of-ways has been part of the Comprehensive Landscape Maintenance Scope of Services in previous contracts. The contract does not encompass palm trimming. A separate RFP is being prepared for the trimming of palms and hardwood trees (Oaks, Mahoganies and other hardwood species). This will consolidate services Village wide under one (1) tree trimming contract funded by the General Fund, Contractual Services - Public Works Scheduled Tree Trimming budget.

Vice Mayor Davey withdrew his motion to reject the Comprehensive Landscape Maintenance Services.
